

# LOUISVILLE TILE

## First Clean for Stone

**FILACLEANER**, Neutral Ph Detergent Cleaner suitable for all surfaces

Materials Needed: FilaCleaner, 2 Buckets, Synthetic Mop.

- Dilution: 1:30
- Thoroughly apply the FilaCleaner solution to the surface with a synthetic mop. Use one bucket to hold the clean FilaCleaner solution and another bucket with clean water to strain and clean the mop before the mop is introduced back into the FilaCleaner bucket.
- If straining water becomes soiled replace frequently with clean water.
- Let area air dry.
